### Objective

Passionate college student pursuing B.Tech in Computer Science at Institute of Engineering & Technology, MLSU, Udaipur. My goal is to become associated with a company where I can utilize my skills and gain further experience while enhancing the company's productivity and reputation.

### Skills

- Languages: C, C++, HTML, CSS, Javascript, SQL
- Developer Tools: MySQL, Github, VS code
- Proficiency in English speaking and writing skills.

### Projects

#### • IET's College Website

Developed a responsive multipage college website showcasing features like event information, faculty details, and course offerings, ensuring an intuitive and user-friendly interface.

Technology stack: HTML, CSS, Javascript

#### • Cricket Theme Website

Designed and developed a cricket-themed website during an online hackathon featuring sections on the history of cricket associations, player profiles, and other cricket-related details.

Technology stack: HTML, CSS, Basic Reactjs

#### • Portfolio Website

Created a responsive portfolio website to showcase projects, skills, and achievements with an intuitive and visually appealing design.

Technology stack: HTML, CSS, Javascript

#### • Platform Game

Developed a platformer game implementing intermediate object-oriented programming (OOP) concepts to create interactive gameplay mechanics and engaging user experiences.

Technology stack: HTML, CSS, Javascript.

#### • Hospital Management System

Developed a hospital management system incorporating features such as patient management, doctor management, appointment booking, and appointment tracking to streamline healthcare operation.

Technology Stack: Java, MySQL.
